3. As per Joint Petition, the Commission vide Order dated 29.02.2016 passed in Suo Moto Petition No. 104 of 2015 amended vide order dated 28.10.2024 in Suo Moto Petition No. 02 of 2024 has

4. It is averred that parties have signed the connection agreement on 19.03.2025 providing that the interconnection point for the Project has been proposed at 33 kV bay at (1x10 + 1x6.3 + 1x2.5) MVA, 33/11 kV Tahliwal Sub-station. Further that Lakhwinder Singh Solar Power Project (5 MW) shall evacuate its power in joint mode with Ramandeep Kaur Solar Power Project (5 MW).

5. It is also averred that the Joint Petitioner No. 2 shall apply for the admissible subsidy and shall intimate the Joint Petitioner No. 1 to that effect.

6. It is also averred that the Commission vide Order dated 14.03.2024 has determined the generic levellised tariff in respect of Solar PV Projects for FY 2024-25 (01.04.2024 to 31.03.2025) under the HPERC (Promotion of Generation from Renewable Energy Sources and Terms and Conditions for Tariff Determination) Regulations, 2017, as amended, (RE Regulations, 2017 for short). The Joint Petitioner No. 2 has submitted an affidavit that the project is situated in a rural area and that the tariff for the Projects to be set up

in areas other than Industrial and Urban areas above 1 MW and upto 5 MW is Rs. 3.47 per kWh as determined by the Commission vide Order dated 14.03.2024, which shall be applicable to the Project which has been incorporated in Clause 6.2 of the draft PPA.

7. We have heard Sh. Kamlesh Saklani, Authorised Representative for the Joint Petitioner No. 1 and Sh. Parveen Kumar, Authorised Representative for the Joint Petitioner No. 2 and have perused the entire record carefully.

8. It is evident from the record that the connection agreement in respect of the Project has been signed by the Joint Petitioners on 19.03.2025, a copy whereof has been placed on record. As per the connection agreement, the Interconnection Point of the Project has been provided at 33 kV bay at (1x10 + 1x6.3 + 1x2.5) MVA, 33/11 kV Tahliwal Sub-station. The connection agreement further shows that M/s Lakhwinder Singh Solar Power Project (5 MW) shall evacuate its power in joint mode with M/s Ramandeep Kaur Solar Power Project (5 MW) using the distribution and communication system of the distribution licensee/ SLDC to transmit the electricity. The Joint Petitioners have placed on record a joint agreement dated 06.03.2025 signed between Lakhwinder Singh Solar Power Project (5 MW) and Ramandeep Kaur Solar Power Project (5 MW) that both

have agreed not to claim any damages or losses, if any, occurring out of the said joint evacuation arrangement in future which shall form part of draft PPA.

9. As per the Swaran Jayanti Energy Policy, 2021, notified on 20.01.2022, Solar Power from the Solar PV Projects upto 5 MW shall mandatorily be purchased by the HPSEBL, if commissioned on or before 31.03.2030 at HPERC approved tariff applicable on the date of allotment of the Project.

10. It is also evident from the letter of the HIMURJA dated 03.01.2025 that the tariff in respect of the Project shall be as per the rates determined by the HPERC and that the Project has been provisionally registered.

11. The Commission vide Order dated 14.03.2024 in Suo Moto Petition No. 01 of 2024 has determined the generic levelized tariff for Solar PV Power Projects for FY 2024-25 (for a period w.e.f. 01.04.2024 to 31.03.2025) as under :-

Sr. No.	Capacity	Generic levelized tariff (Rs. Per kWh)
1.	Projects to be set up in other than industrial areas and urban areas.	
(a)	Upto 1.00 MW	3.50
(b)	Above 1.00 MW & upto 5.00 MW	3.47
2.	Projects to be set up in industrial areas and urban areas	
(a)	Upto 1.00 MW	3.55
(b)	Above 1.00 MW & upto 5.00 MW	3.52

12. This Project is situated in the rural area as per affidavit. The capacity of the Project is 5.0 MW. Thus, the Project is entitled to the

tariff of Rs. 3.47 per kWh, which is subject to adjustment of capital subsidy, if any. This tariff shall be applicable upto 31.03.2026 as per Clause 12 (E) (i) of the Order dated 14.03.2024 in Suo Moto Petition No. 1 of 2024.

13. As per the order dated 28.10.2024 in Suo Moto Petition No. 2 of 2024, the synchronization and the commissioning shall be on the same date. Therefore, the SCOD of the Project is considered as 18.12.2025.

14. The Government of Himachal Pradesh vide notification No. MPP-F(10)-43/2023 dated 21st September, 2023 amending clause 4.3.11 of the Swaran Jayanti Energy Policy, 2021 has levied a tariff based royalty of 5 paise per unit on commissioning Solar Power Project having capacity of more than 1 MW. Since, this provision has come into being w.e.f 21.09.2023, the tariff based royalty has to be paid in the manner provided in the policy to the State Government.
